

PRODUCT DATA SHEET:

MOTOR CYCLE OIL 2T

MOTORCYCLE OIL 2T is a high quality lubricant suitable for use in air cooled 2-stroke gasoline engines working under a wide variety of conditions.

MOTORCYCLE OIL 2T is formulated from highly refined base stocks and fortified with carefully selected additives to provide engine protection and cleanliness in 2-stroke engines.

MOTORCYCLE OIL 2T offers excellent lubricity that protects against piston scuffing and premature wear of engine components. The low ash formulation effectively prevents pre-ignition and spark plug fouling. The excellent miscibility with gasoline ensures stable homogeneous mixtures at low ambient temperatures.

MOTORCYCLE OIL 2T is recommended for 2-stroke motorcycles and scooters requiring API TC and/or JASO FB quality oil and is suitable for both oil-injection and premix lubrication systems. Always follow manufacturer's recommendation regarding oil to fuel ratio.

TYPICAL PROPERTIES:		SPECIFICATIONS:
PRODUCT CODE	34301	Exceeds: API TC JASO FB
DENSITY @ 15°C	873 kg/m ³	
VISCOSITY @ 100°C	9,5 mm ² /s	
FLASH POINT	> 80°C	
POUR POINT	-30°C
