

PRODUCT DATA SHEET: MOTOR CYCLE OIL 4T

MOTOR CYCLE OIL 4T is a high quality semi-synthetic lubricant especially developed for use in high powered 4-stroke motorcycles.

MOTOR CYCLE OIL 4T is formulated from premium quality mineral- and synthetic base stocks and high quality performance additives to satisfy the demanding lubrication requirements of modern 4-stroke motorcycles.

MOTOR CYCLE OIL 4T provides excellent protection towards engine, gearbox and wet clutches used in 4-stroke motorcycles and ensures the highest possible reliability even under the most severe operation conditions.

MOTOR CYCLE OIL 4T has very good thermo-oxidative stability, minimising deposits and sludge formation. Exceptional anti-wear properties protect vital engine- and gear components leading to lower maintenance costs. Controlled frictional properties eliminate clutch slippage, effectively improving the driveability of the vehicle. The good low temperature properties enable easy starting at low ambient temperatures and ensures effective lubrication and wear protection at start up.

MOTOR CYCLE OIL 4T is recommended for a wide range of high powered 4-stroke motorcycles. **MOTOR CYCLE OIL 4T** exceeds the specifications of API SL and JASO MA as well the requirements of many global 4-stroke motorcycle manufacturers.

TYPICAL PROPERTIES:		SPECIFICATIONS:
PRODUCT CODE	44301	Exceeds: API SL JASO MA
SAE	10W-40	
DENSITY @ 15°C	880 kg/m ³	
VISCOSITY @ 100°C	14.1 mm ² /s	
FLASH POINT	220°C	
POUR POINT	-33°C
